Brownie spent her early years living in Marree where she attended school and Sunday School. The family then moved to Port Augusta.

As a youngster she loved going camping with family and relatives. Also bush walking, kangaroo shooting and rabbit trapping. Whilst sitting around the camp-fire at night there'd be much laughter from the yarns being told.

Brownie had a son Bradley to whom was her pride and joy. She had a few ups and downs coping with motherhood but always got a helping hand from her mother Julie and stepfather Wayne.

Brownie loved spending time with her family and relatives and believed it was very important to have that family bond. She enjoyed life and lived it to the fullest, and didn't mind sharing a can of VB with anyone and everyone.

Lynette was a loving Auntie to all her nieces and nephews and was dearly loved by everyone who had the pleasure of knowing her.
