He then moved to Marree where he gained a job working as a fettler and a train examiner with the Australian National Railways for a few years.

He met his soul mate Jenny at Marree and then later moved to Whyalla where they settled down and started their family. Whilst in Whyalla he gained employment with BHP and worked around the town. He played and coached football for the Weeroona Bay Football Club. Clifford was a true North Melbourne Kangaroos Football fan, he loved to watch the football games anytime he could.

Clifford was a hard working man, always providing for his family and other family members who came in contact with him. He loved his children dearly and was a proud Grandfather and loved having his grandchildren around him.

In 1983 after the passing of his Mother-in-law, Clifford and his family moved back to Marree to care for his father-in-law. He had a special bond with his father-in-law they were the best of friends and had a father/son relationship.

Clifford had a passion for horses, he loved working with them breaking, training and racing horses in which he and his son won 8 cups at various gymkhanas and race meetings. Clifford and his son loved to teach other relatives how to ride and work horses.

He enjoyed listening to Country Music, playing the guitar, and really loved living out in the bush. Clifford was a well known and respected man with Station Owners and workers around the Marree Area, he was a friend to many of these people.
