Christine, Maxwell (deceased), Barry
(deceased), Anthony (deceased), Cheryl,
Fabian, Brenton, Steven (deceased), Maxine
(deceased) and Quinton (deceased).*

*Special Nanna
and Aunty for many nieces and nephews*

Debra Joyce Warren was born on the 11th of December 1963 at the Port Augusta Hospital. She is the second eldest daughter of Francis Warren and Grace Ahfatt, both deceased.

She is the beloved mother of Damien, Katasha and Gordon. She is survived by her brothers and sisters, ~~Thomas~~, Samuel, Benji, Christine, Cheryl, Fabian, Brenton.

Debra grew up at Marree and attended school there, surrounded by her family. As a young woman she moved with James to Parachilna. During this time she had two of her children, Katasha and Damien. The family then moved to Port Augusta.

She met Cedric Miller and they had a son, Gordon. Her children were very important to her and as a family they all moved to Port Lincoln. She saw this as a new start for them all, however, she always returned to Port Augusta and Marree to visit her family.

All of her family were important in her life and she always returned home for any special family events. She always made sure she made the effort to be with them when ever she could.

Debra was a happy go lucky person who enjoyed life and always wanted everyone else to have a good time too. She never held a grudge, she always apologised for anything she thought she had done wrong. It was important to her that her family were close to her. She often told family members how much she loved them.

She often turned up unexpectedly to surprise her family members, she enjoyed the happiness this brought to her family.

Debra loved country music and often talked about the memories they bring when you listen to the old songs. Music was very important to her and she loved to hear her favourite songs. She was the life of the party who enjoyed family get togethers with lots of music and singing.

She loved to be around the family when they were playing cards on Thursday nights she enjoyed being with them and being around the fun of the card games although she didn't play.

She was always travelling around, visiting family members throughout the region. She could not stay in the same place for very long. She commented to her sister Christine that she was a free spirit and she wanted to travel more.

Debra has been living in Port Augusta with her partner Teddy Northeast and her daughter Katasha, she unexpectedly passed away on the 7th of March 2005. This has been a great shock to all her family.

Debra will be remembered by all who knew her as a fun loving person who had a big heart for her family. She was a kind hearted person who always thought of others first, she never let anyone go without if she was in a position to help. This often meant she went without herself. She will be sadly missed by all her family, they will miss her surprise visits, her sense of humour and her love for each and every one of them. She will be forever in their hearts.
